---

### Skills

---

Ambitious, hardworking and highly motivated Junior Full Stack Developer with one and a half years experience. I care about my work and my craft.

---

### Experience

---

#### We Got Coders

March 2018 - PRESENT, Hoddesdon, Herts

- Chose to make a large investment in my career by taking part in the WeGotCoders Full Stack Web Development bootcamp.
- Used **Agile** principles to develop **fully-tested**, high quality web applications.
- Gained a good understanding of **Ruby** and the **Rails** framework.
- Improved my JavaScript skills considerably, using technologies like **React** and **Jasmine**.
- Collaborated on a variety of projects using **Git**.

#### Phenix Digital / Web Developer

November 2016 - March 2018, Wolverhampton, West Midlands

- Gained the position by learning to code in my spare time.
- Created numerous fully responsive websites from scratch using **php** and **MySQL**
- Worked to tight deadlines, often through overtime.

#### Staffordshire County Council / Road Space Coordinator

April 2010 - November 2016, Stafford, Staffs

- Streamlined team process to improve efficiency
- Helped to develop an internal KPI dashboard.

---

### Education

---

#### LJMU / Multimedia Systems BSc 2:2 honours

September 2006 - June 2009, Liverpool

#### Stafford College / AVCE ICT BC

September 2004 - June 2006, Stafford, UK
